

PAULA BRALOW

Building on my problem-solving skills acquired as a business attorney, in 2019 I completed formal training and became a qualified mediator on the roster of civil mediators in New Jersey approved by the courts. Since launching my career as a mediator just as the pandemic related court closures were beginning, I have had the good fortune to mediate 10 cases and to handle even more, all via Zoom. My first in-person mediation is scheduled for late October of this year! I joined the Garibaldi Inn of Court for ADR in 2019-2020 and the mentoring, education, and interacting I've received and participated in via the Inn have been tremendous benefits. I am thrilled to be on my way, recognizing that I have much to learn still. My background is in contracts/commercial transactions/general business counseling in SaaS start-up and F500 in-house roles, where my coming from a large NYC and NJ law firm litigation beginning gave me a unique advantage to navigate through risk.
