

# IGNITION INTERLOCK DEVICE (IID) SERVICE PROVIDERS

Some IID installation centers may offer special services, such as installation on motorcycles, mobile services, or programmability in a foreign language. Check with the installation center near you for these and any other available services.

You are responsible for paying all costs related to the ignition interlock device, including the installation, lease, monthly monitoring, and removal of the device.

**Note:** You may be eligible for financial assistance to pay the costs associated with the device if you meet the standard for indigence, that is, if you have a current Food Stamp Identification Card issued by the Oregon Department of Human Services.

To request a fee waiver, you must provide proof of indigence to a service provider who is contracted with the Addictions and Mental Health Division (AMHD). Service providers contracted with AMHD are listed with a **\*Financial Assistance Provided\*** indicator.

**For an installation center near you, please see the following list (by city):**

You are not limited to the installation center noted for your city. You may choose any installation center on the list.

(Click here for list of [IID vendors](#) that provide the devices to the installation centers.)
