State of Oregon Law Library

The State of Oregon Law Library is the primary legal information resource for state government and offers access to the law for all Oregonians.

The State of Oregon Law Library traces its history to the Territorial Act of 1848, which established the Oregon Territorial Government and provided for a library "to be kept at the seat of government for the use of the governor, legislative assembly, judges of the Supreme Court, secretary, marshal, and attorneys of said territory, and such other persons...as shall be prescribed by law."

The library collection includes primary legal material, historical and current, from all U.S. jurisdictions. Statutes and case law from all 50 states and the federal government are available. The collection is especially rich in historical Oregon resources. The Law Library maintains current secondary material in virtually all areas of law and houses a large collection of legal periodicals.

HOW TO LOCATE A BRIEF or OPINION

Highlight the desired index. To highlight more than one index, hold down the control key [Ctrl]. If a citation is known, type it in the search box with **NO** spaces – **ADD an ASTERISK** at the end. If a file number is known, type it in the search box with an * before and after the number. **The asterisk is important because it will produce a list of all briefs or opinions containing that citation or file number.**

Examples:

Highlight the "Oregon Court of Appeals Briefs" index and enter 212orapp488* in the "Search for" box.

Highlight the "Oregon Supreme Court Briefs: index and enter *54199* in the "Search for" box.

For full text searching, select the type of search desired, such as **"boolean"** or **"exact phrase"** and enter terms. **Click on the "Help" button** for assistance with boolean connectors and a more thorough discussion of search techniques.

PRINTING

To print PDF files from within your reader, we recommend using the Plug-in's print function. For printing opinions [HTML files], use your browser's print function.

About the Supreme eCourt

The Oregon Judicial Department is committed to providing access to justice, producing quality work product, and processing cases in an efficient and timely manner. To strengthen those commitments, the Oregon Judicial Department has developed the Supreme eCourt, which will address the growing needs of a geographically dispersed legal community, as well as increased costs associated with processing, tracking, and storing paper documents, case information, and court information.

About eFiling

Processing pleadings utilizing a paper-based system creates inefficiency and higher costs throughout the courts. The filing of paper pleadings with the court imposes significant burdens on court personnel and facilities. Legal firms and their clients also incur costs for the delivery and processing of these documents.

The Oregon Judicial Department has developed eFiling for the Supreme Court to address the growing needs of a geographically dispersed legal community, and the increased costs associated with processing, tracking, and storing paper documents.
