The picture of a Florida baby with a bong has now led to the mom's arrest.

Rachel Stieringer, 19, is facing one count of possession of drug paraphernalia, a first-degree misdemeanor.

The Keystone Heights mother posted a picture on her Facebook page of her baby with a bong. She said it was just a joke.

DCF gave the infant a drug test and it came back negative. Prosecutors said they could not charge her with child abuse, because her son wasn't exposed to any drugs.

The grandparents are now caring for the child.
